Jharkhand Rai University, Ranchi - Though this student is trained as the market demand and it help in placement in our company as well as Multinational Corporation.

MISSION AND VISION

This MOU will help in training and placement of student.

At **Codezeal Technologies**, our goal is to train and prepare students for corporate faster, cheaper, and easier than any other training alternative even if those employees have no prior experience. We help graduates to get their dream job.

Codezeal Technology's vision is to bridge the industry skills gap between graduates and employees through corporate training. We understand that new graduates face intense competition for good jobs due to a lack of hands-on experience working on real-world projects and solving real-world problems. As a result, we assist students in obtaining their dream careers by developing highly skilled professionals capable of meeting the difficulties of all emerging technologies in the workplace
